CA-04 Epoxy Thickener

Description
CA-04 Epoxy Thickener is an aggregate added to Westcoat epoxies to increase viscosity (thicken the material).

Uses
CA-04 is typically used when cove, vertical applications or crack filler are needed and can be used in EC-32, EC-34, EC-38 and EC-84 epoxies.

Advantages
• Easy to Mix
• Aids in holding aggregate

Packaging
2 and 5 gallon bucket

Inspection / Preparation

Preparation
Surface must be properly prepared and primed as specified for system being installed, please read individual System Specification Sheet for details.

APPLICATION

Mixing
Mix part A&B of the epoxy together first, then add 1 to 5 quarts of CA-04 Epoxy Thickener per gallon of epoxy. Mix into epoxy with a mechanical mixer until completely combined and at the desired viscosity.

Applying Product
Apply epoxy as stated in the particular System Specification Sheet.

Dry Time
Adding CA-04 may shorten dry times of the epoxy.

Coverage
Coverage will vary depending on the thickness of the chosen epoxy product.

LIMITATIONS
- This product is designed for professional use only.
- Be sure to measure and mix properly. Be aware of the pot life of mixed epoxy.
- Do not apply in temperatures below 50°F or above 90°F. Hot or cold weather may effect dry times.
- Not intended for use with any other epoxy brands.
- Will cause color variation in the epoxy product.
- May decrease flexibility of epoxy.
- Adding more of CA-04 may shorten the pot life.
- Do not use more CA-04 than recommended.

HEALTH PRECAUTIONS

During application wear protective eye wear and rubber gloves. If skin contact occurs wash thoroughly with soap and water. If eye contact occurs flush immediately with clean water for 15 minutes and contact a physician.

WARNING
Keep out of reach of children. Not for internal consumption. For professional use only by a qualified technician.

DISCLAIMER

PURCHASER’S SOLE AND EXCLUSIVE REMEDY AGAINST THE MANUFACTURER OF WESTCOAT, SHALL BE LIMITED SOLELY TO THE REPLACEMENT OF ANY DEFECTIVE MATERIAL OR A PAYMENT BY THE MANUFACTURER IN AN AMOUNT EQUAL TO THE COST OF THE ORIGINAL MATERIAL.
