## CA-15 Cement Accelerator

### Description

CA-15 Cement Accelerator is a brown powder that, when added to Westcoat cements will reduce the dry time of the cements by 15-20% of the standard dry times.

### Advantages

- Blend on site
- Accelerates Dry Time
- Easy to Use

### Uses

CA- 15 is designed for use with all of Westcoat cements when a faster dry time is desired. Typically used in cooler temperatures or when a faster turnaround is desired.

### Colors

Gray & White

### Packaging

5 gallon bucket (640 ounces by volume)

## INSPECTION / PREPARATION

Surface must be prepared in the proper manner that is required in the System Specification sheet for the desired cement application.

Refer to individual System Specification sheet prior to installation.

## APPLICATION

### Mixing

Add up to 1 quart of CA-15 Cement Accelerator per 50 pound bag of Westcoat cement. Mix with a mechanical mixer until completely combined.

### Applying Product

Apply cement as stated in the particular System Specification Sheet.

### Coverage

Coverage will vary depending on the thickness of the chosen cement product.

## LIMITATIONS

- This product is designed for professional use only.
- Do not install if the temperature is below 55°F or above 95°F.
- Actual extended dry times will vary depending on humidity and volume of water added to mix.
- Not intended for use with any other cement brands.

- May cause color variation of the chosen cement product.
- It is strongly suggested that a sample be submitted to the customer prior to beginning the project
- Do not use more CA-15 than recommended.
- Store material between 40°F-90°F.
