

ABOUT THIN FILM:

Westcoat's Thin Film System is a light duty epoxy floor coating that is tough, chemical resistant and USDA Compliant. Thin Film can be applied in residential, commercial, and industrial applications. Available in 100% Solids and Water-Based options. Come in slip resistant textures and 12 standard pigmented colors.

ULTRA-TOUGH. PROTECTIVE.

- 100% Solids and Water-Based Options
- USDA Compliant
- Slip Resistant Textures
- Pigmented

FOR PROFESSIONAL USE ONLY.

THIN FILM 100% SOLIDS

Westcoat's 100% Solids Thin Film System is an epoxy floor coating which provides a thin to medium build. The 100% Solids Thin Film System is designed to be used on showroom floors, restaurant floors, garage floors, recreation rooms, washrooms, and commercial kitchens.

EC-34 Advantages

- 100% Solids
- Medium Viscosity
- Convenient 2:1 Mix
- High Strength
- Pigmented
- Low Odor
- High Build
- Superior Adhesion

EC-34 Epoxy Topcoat is a two-component, 100% solids, medium viscosity, low odor, high-build, chemical resistant epoxy.

EC-34 epoxy is used to create industrial seamless floors in manufacturing plants, mechanical warehouses, industrial kitchens, and garages. It is best used as a filler coat, broadcast coat or topcoat.

THIN FILM WB

Westcoat's Water-Based Thin Film System is an epoxy floor coating which provides a thin build system that is tough, chemical resistant and durable. The WB Thin Film System is installed using a water-based solvent-free epoxy. EC-11 Certifications VOC Emission Test Certificate – Certificate No: 190516-05

EC-11 Advantages

- Water-Based
- Moisture Tolerant
- Long Pot Life
- Medium Gloss
- Very Durable
- Easy to Use
- Very Fast Drying
- No Induction Time

EC-11 Water-Based Epoxy is a premium quality two-component, chemical resistant, long pot life epoxy coating. It provides epoxy toughness, medium gloss, and durability, with the convenience of a water-based system.

EC-11 is designed to be used on concrete, metal, masonry, or wood where a tough, chemical resistant finish is needed. EC-11 is recommended for use as a medium duty concrete sealer for interior floors. EC-11 may also be used as a primer under many Westcoat Systems.
