

Westcoat Specialty Coating Systems - CES course

Function & Form in Waterproof Decking

This course will provide attendees with a detailed description of the various application techniques to correctly waterproof plywood and concrete decks and will focus on materials, techniques and decorative aesthetics.

Learning Objectives:

- Identify appropriate waterproof deck coating systems for new construction and reconstruction projects
- Examine best practices to avoid corrosion and waterproof deck coating failure
- Recognize how to determine comprehensive specifications for each project
- Explore the various decorative finishes available for waterproof deck coatings

Course Number: AIACES001513
Units Earned: 1 LU / HSW Unit
Provider Name: Westcoat
Provider Number: 40107478
