

Level-It Training

Welcome to Westcoat's Self-Educated Training. The purpose of this course is to increase your knowledge of the Level-It system.

This is a two-step process that will take approximately 45 minutes to complete. You will be required to complete a short test and submit your answers.

Education

1. Training Video: This 14 minute video takes you through the step-by-step process of correctly installing **Level-It**.
2. Spec Sheet: These spec sheets contain detailed information on uses, materials and coverage rates for this system. The specs also have detailed instructions on the proper application steps from preparation to final coat to achieve a successful installation. Click below to read the spec sheets:

Level-It Grind Stain and Seal

Level-It Polish

3. Materials Cost: Westcoat's Materials Cost Template is a powerful tool for you and your customers. Click below, find and download the Material Cost Template, then estimate the materials and associated cost a 500 sq ft job.

Level-It System Page > scroll down to find the **Material Cost Template**

*Alternatively, the **Material Estimator** shows the material needed without pricing.

4. Color Chart: The Level-It system is available in a variety of colors and finishes, click to review the color charts:

Fast Stain

5. Tools: Get familiar with the recommended tools needed to install this system.

Level-It Tool Guide

Now to test all the valuable knowledge you've learned, continue to the next page.
